Upload media

You have the ability to upload logos, pictures, and documents directly to your account, as well as images and videos for your directory listing, if you have an enhanced membership level.

Our Online Member Directory can display images and videos on your listing, depending on your membership level. When accessed, this section of your members-only area will allow you to upload this media directly to your listing on the directory, so you can promote yourself as best as possible.

If you have the right member level, the images or video will display automatically on your directory listing; if you don't have the right level it will not appear (but it will be stored in your profile).
